GENERAL INFORMATION

The **TEXTILES INDIA 2017** Secretariat wishes you every success in your participation in the **TEXTILES INDIA 2017**. To make your stay in Gujarat pleasant you may find the following tips useful.

- 1.1 Time Difference:** Indian Standard Time (IST) is the same throughout the country and is 5½ hours ahead of GMT.
- 1.2. Monetary System:** In India, the unit of currency is the Rupee (INR) divided into 100 paise (P). Change money with AUTHORISED MONEY CHANGERS (at the airport, most banks, hotels and certain large shops) and insist on a receipt as it will help you to reconvert unused rupees into the original foreign currency at the time of departure. Avoid people on the street who offer to change your money at a temptingly higher rate of exchange.
- 1.3. Currency Regulations:** There is no restriction in bringing in any amount of foreign currency, travellers cheques, etc., and taking out as much as you brought in. However, if you are carrying more than US\$ 10,000 in the form of currency notes, bank notes or travellers cheques, and/or currency notes alone in excess of US\$ 5,000 (or equivalent) This should be declared, on arrival, on the Currency Declaration Form (CDF), to be attested by the Customs Officer. **When remitting money to India, indicate the bank, branch and full address. No Indian currency may be brought into or taken out of the country.**
- 1.4. Export Regulations:** The visitor can take back all articles brought in by him. In addition, he can take out the following purchased in India; (a) Souvenirs (including Indian Silk, wool, handicrafts, etc.) without any limit; (b) gold jewellery, silverware and jewellery with precious stones for which if the value is high or the quantity is large an advance RBI permit and export certificate should be obtained from the Customs authorities in advance of travel. In case of jewellery items, the appraisal of a renowned jewellery could be presented on the basis of which an export certificate may be taken and declared to Customs. There are restrictions on the export of antiques and art objects more than 100 years old. In case of doubt, consult the Director, Antiquities, Archeological Survey of India, Janpath (Tel: +91 11 2301 7443) or Suptdg. Arch ASI, Safdarjung Tomb (Tel: +91 11 2301 7293, 2301 4186). It is advisable to obtain a certificate of proof. Export of most wildlife products is prohibited or strictly regulated.
- 1.5. Income-Tax Clearance Certificate:** You will need this at the time of departure if your stay in India exceeds 6 months. The certificate is issued by the Foreign Section of the Income Tax Office (ITO), Indraprastha Estate, New Mumbai, Tel: +91 11 23379161. Observe the instructions under Currency Regulations and Changing Money (above) to facilitate its issue.

2 Ahmedabad / Gandhinagar

Ahmedabad is the largest city and former capital of Gujarat, which is a state in India. It is the administrative headquarters of the Ahmedabad district and the seat of the Gujarat High Court. With a population of more than 6.3 million and an extended population of 7.8 million, it is the sixth largest city and seventh largest metropolitan area of India. Ahmedabad is located on the banks of the Sabarmati River, 30 km (19 mi) from the state capital Gandhinagar.

Ahmedabad has emerged as an important economic and industrial hub in India. It is the second largest producer of cotton in India, and its stock exchange is the country's second oldest. Cricket is a popular sport in Ahmedabad, which houses the 54,000-seat Sardar Patel Stadium. The effects of liberalisation of the Indian economy have energised the city's economy towards tertiary sector activities like commerce, communication and construction. Ahmedabad's increasing population has resulted in an increase in the construction and housing industries resulting in recent development of skyscrapers.

In 2010, it was ranked third in Forbes's list of fastest growing cities of the decade. In 2012, The Times of India chose Ahmedabad as the best city to live in in India. As of 2014, Ahmedabad's estimated gross domestic product was \$119 billion.

Gandhinagar is the capital of the state of Gujarat in Western India. Gandhinagar is located approximately 23 km north of Ahmedabad, on the west central point of the Industrial corridor between Delhi, the political capital of India, and Mumbai, the financial capital of India.

Gandhinagar, Gujarat's new capital city, lies on the west bank of the Sabarmati River, about 464 km north of Mumbai, the financial capital of India. There is a provision of parks, extensive planting and a recreational area along the river giving the city a green garden-city atmosphere.
